RE: Ecosystem Roundtable Membership

Dear Mr. Madigan:

It is our understanding that you have invited several stakeholders to participate as members on the Ecosystem Roundtable. San Francisco has not received an invitation. As you may be aware, San Francisco has been active in many facets of state water issues over the past several years. Our accomplishments are numerous and reflect our continued commitment to environmental protection.

In reviewing the list of members which you have invited to join the Ecosystem Roundtable thus far, I note that the three northern California urban members are all contractors of the state and/or federal water projects. There is no independent urban member on the Ecosystem Roundtable. I will be pleased to discuss this proposition with you at your convenience.

Sincerely yours,
